

The screenshot shows a web browser window with the address bar displaying `localhost:8080/person/John`. Below the address bar, there is a tab labeled `GET` and a `Response` tab. The `Response` tab is active, showing the JSON response: `{name: "John"}`. The browser's bookmark bar is visible at the top, containing several bookmarks like `Portal IN`, `GET`, `Portal de Atendime...`, `APS_1`, `Despachos Previden...`, `CNIS`, and `SAT 1`.
